OSO SWEET

OF TEXAS

Oso Sweet OF TEXAS

At Oso Sweet Onions® we have taken our twenty years of experience growing, marketing and providing customers the world's Premier Winter Sweet Onion from Chile and brought that knowledge back to the USA to develop our **Oso Sweet® of Texas Program**.

- **Unique Seed Variety:** Oso Sweet Onions® are grown from a unique single variety of seed resulting in consistent shape, color, appearance and taste.
- **National and Regional Marketing:** Oso Sweet Onions® are supported by an award-winning national and regional marketing campaign along with high quality materials for use in building eye-catching displays.
- **Fixed-Price Program:** For those customers who order pre-season; we grow these onions for you and that allows you the freedom to plan without concern for market fluctuations. Our program protects you in a heated market and guarantees your supply of sweet onions from Texas.
- **Superior Food Safety:** Oso Sweet Onions® are packed in a HACCP certified facility and complies with all USDA, FDA and COOL requirements. We use advanced software to ensure complete track and trace ability.
